

WE SHARE THE LOAD

So does the twin axle.

Isuzu has been the leading truck brand in Australia for 30 years straight*. A dominant position earned by offering you safety, performance, driveability, comfort, operating costs, productivity and, above all, our legendary reliability. The FY Series, what's more, gives you a big extra: another steer axle. It comes in 8x4 and 10x4 configurations, with a choice of models and variants. You also have choices of transmissions, wheelbases, axles and suspensions. And, depending on the type of body you have fitted, the FY Series is just as efficient at craning bricks as crushing garbage. All of which will help make your daily grind much less of a grind, whatever your application.

*According to T-Mark industry statistics.

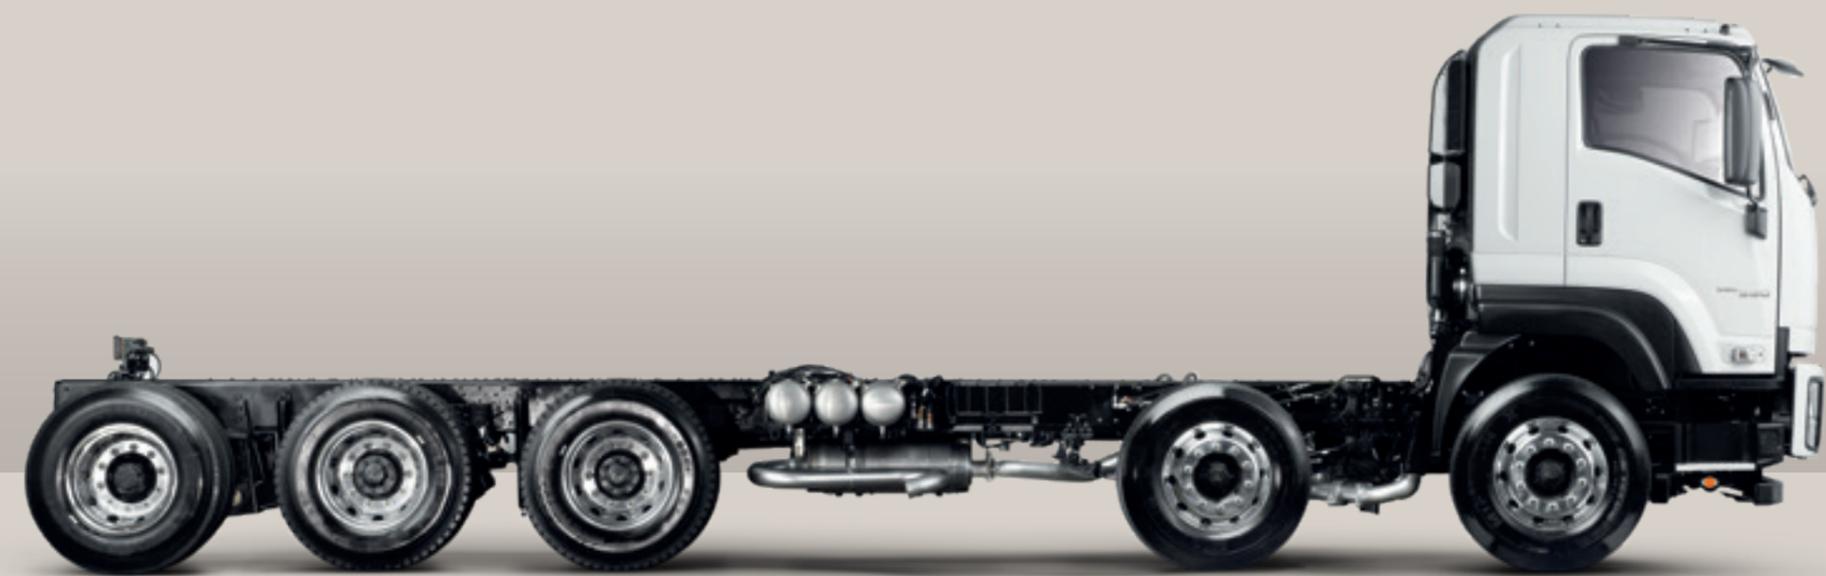

257KW/350PS

8x4.

There are two 8x4s, the FYJ 300-350 and FYH 300-350, in a variety of specifications. As you'd expect from Isuzu, they're superbly engineered, equipped for instance with an Allison 4430 in the auto models, where a 3200 is the industry norm. We never skimp.

- Isuzu SİTEC III 350 diesel engine.
- ZF 9-speed and Eaton 10-speed manuals.
- Allison 4430 auto.
- Long and extra-long wheelbases.
- Hendrickson airbag and Isuzu 6-rod suspensions.
- Meritor front and rear axles.
- First-class cabs come standard with three seats.
- ISRI 6860 air-suspension driver's seat.
- Integrated air-conditioning.
- Isuzu Multimedia system, with digital radio, DVD, MP3, voice-control and Bluetooth.
- Satellite navigation is standard across all FY models.

257KW/350PS

10x4.

The FYX 350-350 is auto only, again boasting the supreme Allison 4430 (where others would've settled for a smaller version). While the rear end combines the very best of American componentry, from Meritor and Hendrickson.

- Isuzu SİTEC III 350 diesel engine.
- Allison 4430 auto transmission.
- Hendrickson airbag / HLM suspension.
- Meritor front axles / Hendrickson rear lift axle.
- First-class cabs come standard with three seats.
- ISRI 6860 air-suspension driver's seat.
- Integrated air-conditioning.
- Isuzu Multimedia system, with digital radio, DVD, MP3, voice-control and Bluetooth.
- Satellite navigation is standard across all FY models.

FOUR FRONT WHEELS. IT'S A STEERING COMMITTEE.

The FY's load-sharing twin-steer front axle can really broaden your horizons. You see, it's ideal for all sorts of heavy-duty applications, from tipping to tilting. Simply because it boosts your GVM by a tonne and spreads it evenly across your wheelbase. (We share your load; so does it). The front end also features a unique dampener system to give you a better ride and the chassis an easier day.

THE BEST SEAT IN THE BUSINESS.

All FY Series have the ISRI 6860 air-suspension driver's seat as standard. And it's anything but standard. It incorporates a lap-sash seatbelt, head restraint, dual-stage air lumbar/lateral support, integrated pneumatic system, adjustable shock-absorber and body-hugging upholstery from head to knee. Sharing the load for the sake of your body.

CONVENIENCE THAT CLICKS.

As you've read, we've made our cabs easy and safe to get in and out of. Remote, keyless entry and locking make it convenient as well. And if you're in and out of your truck all day long, it's a feature you'll really appreciate.

*Remote shown is for illustrative purposes only.

CARRY LOADS IN THE CAB.

Cabs are anything but afterthoughts with Isuzu. For instance, you'll find stacks of storage space and locations for all your stuff. Along with heaps of room for you and your workmates as well, including generous stretch-out legroom. All in all, it's a very comfy and accommodating place to be.

MULTI-MEDIA AT YOUR FINGERTIPS.

Our Isuzu Multimedia System with 6.2 inch screen puts the ultimate cab infotainment system at your fingertips. Navigate through the simple menu to play your favourite songs or (digital) station, or, for even greater convenience and safety, use voice-controls for many of the functions available. Hands-free Bluetooth and sat-nav are standard, and tyre-pressure monitoring is optional.*

*At additional cost.

TWIN STEER. DOUBLE COMPLIANCE.

All FYs come pre-fitted with the Front Under-run Protection System (FUPS), complying with the ECE-R93 safety standard, helping you to work safe.

BRICKS, SKIPS OR MILK. FY HAULS IT ALL.

Few other trucks can comfortably fill so many roles. Tilt, lift, skip, tip, mix, chill, pump, crush and more, as you see here. The FY Series wears many, many hats.

CRANE

AGITATOR

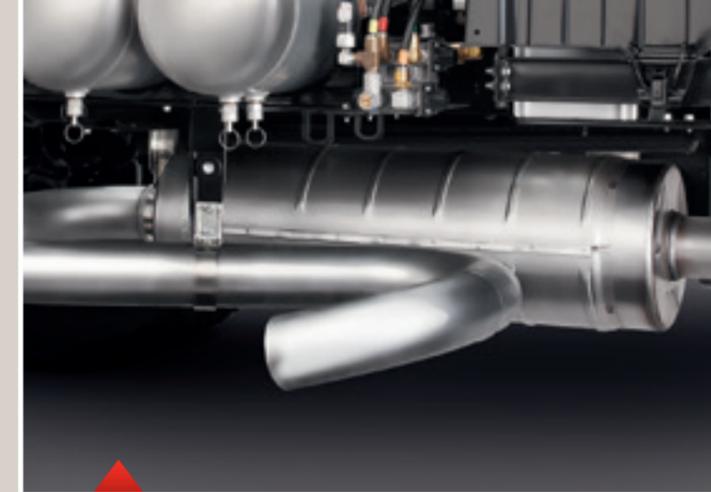

CONCRETE PUMPER

TIPPER

BRIGHT AND LIGHT.

Isuzu has an 8x4 and 10x4 model that comes standard with aluminium disc wheels. Combined with aluminium fuel tanks and other weight-saving measures, our 8x4 'Agitator spec' comes in at a very respectable tare mass.

EURO V COMPATIBLE.

To meet tough Euro V environmental standards we have fitted a Diesel Oxidation Catalyst (DOC) and an Exhaust Gas Recirculation system (EGR). The DOC offers greater simplicity for body builders and operators, while the EGR not only reduces harmful emissions, but also delivers improved driveability and enhanced engine braking. Most of all, no particulate filter or the need for AdBlue, so all you need to do is fill it with diesel and drive.

SELECT YOUR GEAR.

The FY offers you three tried-and-tested transmissions. The trusty German ZF 9-speed and rugged American Eaton 10-speed manuals. And the mighty Allison HD 4430 6-speed auto, also from America. What a choice it is.

NEVER GET STUCK.

Our factory-fitted cross locks mean you'll never again get hung-up on rough or uneven surfaces. Simply flick a switch to engage all your driving wheels and get power firmly to the ground. No stopping you.

[†]From delivery. ^{*}Extended Warranty available at extra cost. Conditions apply. Note: The above chart is a brief representation of the chassis specifications within the Isuzu FY Series model range. For a detailed understanding of the model and specification variants, please refer to the applicable Isuzu model Specification Sheet. Subject to the conditions outlined in the IAL New Vehicle Warranty, the FY Series models carry a standard factory warranty as above. Extended Warranty may be purchased to cover the owner against the failure of original components, but may exclude some components and expendable items such as oil, filters etc. Isuzu Roadside Assistance is valid for three years from the date of new vehicle purchases; Our goods and services come with guarantees that cannot be excluded under the Australian Consumer Law. For major failures with the service, you are entitled: to cancel your service contract with us; and to a refund for the unused portion, or to compensation for its reduced value. You are also entitled to choose a refund or replacement for major failures with goods. If a failure with the goods or a service does not amount to a major failure, you are entitled to have the failure rectified in a reasonable time. If this is not done you are entitled to a refund for the goods and to cancel the contract for the service and obtain a refund of any unused portion. You are also entitled to be compensated for any other reasonably foreseeable loss or damage from a failure in the goods or service. For more details visit the Isuzu website which explains Isuzu Warranties in more detail, or alternatively contact your local dealer. All warranties commence from date of delivery.

VEHICLE	3 years or 250,000 kilometres or 4,000 hours
ENGINE	3 years unlimited kilometres
CABIN PERFORMANCE CORROSION	3 years unlimited kilometres
2 YEAR EXTENDED CARE WARRANTY ^{**}	5 years or 250,000 kilometres

Isuzu Care.

Reliability means so much more than just a mechanically reliable truck. Isuzu Care is the most comprehensive customer care truck programme ever seen in Australia, offering a suite of innovative support services and a level of customer care that's setting new industry standards. Wherever you are, Care's as close as a Freecall to 1800 035 640.

ISUZU ROADSIDE ASSIST.

Isuzu Assist is a 3-year, 24-hour roadside assistance program that comes at no extra cost with all new Isuzu trucks. And while our trucks are renowned for their reliability, even if you run out of fuel, lose your keys, get a flat tyre (or battery), Isuzu Assist will be there to sort it out. Just Freecall 1800 947 898.

MAKE STRESS FREE SERVICING A PRIORITY.

There is nothing more crucial than maintaining a healthy fleet, so we've created a 'stress free' service in Isuzu Priority*. Knowing that the lifeblood of your business is under control, and in the best hands, provides true peace of mind and allows you to spend more time doing what you do best – building and growing your business.

*At additional cost.

ISUZU

PRIORITY SERVICE AGREEMENTS

ISIS.

Isuzu Sales Information System (ISIS for short) is a software program the dealer will use to help you select the right truck and body for your application. Once it's been programmed with your requirements, ISIS simulates how the truck will perform in terms of its weight distribution, available power and other performance characteristics. So with ISIS, you're sure to find your most suitable match.

ISUZU EXTENDED CARE.

Isuzu Extended Care* provides a two-year extension to Isuzu's three-year factory warranty. As well as the five-year factory warranty, you'll also receive five years of Isuzu's customer care programme and Isuzu Assist. Available when you buy your truck, it's the ultimate peace-of-mind.

*At additional cost.

ISUZU TRUCK INSURANCE.

By joining forces with Australia's leading truck insurance specialist, NTI, Isuzu can now offer you access to a broad range of insurance products designed specifically for the transport industry, including Commercial Motor Policy, Public & Products Liability Policy, Marine Cargo Policy to cover the freight liability and carriers' cargo insurance, and Business Interruption Policy.
